Telecommunications

Panitch Schwarze Belisario & Nadel LLP intellectual property attorneys serve a diverse clientele in the telecommunications industry. We work with our clients to tackle intellectual property issues, including assisting in obtaining intellectual property protection, preparation and filing of patent and trademark applications; administrative appeals and petitions; post-grant proceedings; and litigation.

Our intellectual property attorneys have experience representing a wide range of telecommunications clients including:

- Wireless, Satellite and Landline Service Providers
- Mobile Phone Systems
- Business Telecommunications Service Providers
- Equipment Manufacturers
- Owners of Cellular Equipment

Basics - Patent Virtual Marking // August 31, 2020

Virtual patent marking facilitates marking a patented article or related packaging with a single URL, such as <http://www.companyZ.com/patents.htm>, as opposed to marking constantly changing product offerings with ever changing patent numbers. [Read more](#)
