PHILADELPHIA (July 2018) – Intellectual property law firm [Panitch Schwarze Belisario & Nadel LLP](#) is pleased to announce that registered patent attorney [Dr. Lars Genieser](#) has joined the firm as a partner. He focuses his practice on pharmaceutical, chemical, material science, and medical technologies for domestic and foreign clients. Genieser effectively develops and implements worldwide patent protection strategies.

His broad experience in industry and academia enables him to anticipate and develop solutions to challenges for technology-driven clients. Genieser pursues and obtains patents and manages patent portfolios for pharmaceuticals, epigenetic systems, antibodies, vaccines, proteomic systems, controlled and targeted pharmaceutical release systems, novel polymers, coatings, surfactant systems, polymer-metal hybrid nanoparticles, quantum dots, nanostructured materials, organometallic compounds, catalysts, plasma generation systems and processing of semi-noble metal, electrochemical systems, water purification, cosmetics, stents, surgical instruments, analytical devices, and environmental remediation systems. For example, he developed and manages a complex international patent portfolio for a successful new cancer treatment drug.

Genieser is experienced in successfully appealing patent application examination to the USPTO Patent Trial and Appeal Board (PTAB), responding to and prevailing over foreign post-grant patent Oppositions, obtaining Patent Term Extensions in the U.S. and abroad, and preparing patent licenses. He brings a practical and business-oriented approach to counseling clients on all stages of the patenting and technology-monetization process.

Genieser holds a bachelor's degree from Princeton University and a doctorate from the Massachusetts Institute of Technology. Fluent in German, he also studied at the University of Düsseldorf and was an NSF-NATO post-doctoral fellow at the Eindhoven University of Technology in the Netherlands. He earned his law degree from Georgetown University.
