Problems Solved & Avoided

Copyrights

Panitch Schwarze Belisario & Nadel LLP intellectual property attorneys take the time to get to know our clients and their businesses, to determine what needs to be trademarked, if there is anything that needs to be patented, and if there are any trade secrets to protect.

Our intellectual property attorneys handle a wide variety of copyright matters. Here are just a few examples of copyright matters that our IP lawyers have handled on behalf of our clients:

- Company is redesigning its website, and web designer has included photos of unknown origin. We are able to help the client locate licensed photos in order to avoid copyright liability.
- An entertainment client has authored and produced a video. Client discovers that someone has posted the video on YouTube without authorization. We work with YouTube to have the video removed and develop a protection and enforcement plan for the client.
- A software developer has created a computer program using some open source elements. We advise the client about GPL (General Public License) content and protection for the product.
